

Skiatook Soccer Club Tournament Sponsorship Program

Skiatook Soccer Club is inviting area businesses to partner with us for our Kick Cancer Benefit Tournament. Funds from this program will be used to offset overhead costs for tournament operating expenses including awards, referee fees, extra tournament manpower and other incidental tournament expenses. This will allow more proceeds to be donated to the local childhood cancer charity of our choice. We are excited to provide the opportunity for businesses to gain visibility during this event. Please review the sponsorship levels below, and contact us with questions regarding details. Sponsorship levels and benefits of sponsorship are listed below:
